## About ASSOCHAM

The Associated Chambers of Commerce & Industry of India (ASSOCHAM) is the country's oldest apex chamber. ASSOCHAM initiated its endeavour of value creation for the industry in 1920. Built on the vision of nation-building, ASSOCHAM has been a part of the economic history of India. It represents over 450,000 enterprises, including SMEs, MNCs, and Public-private entities, through more than 400 chambers and trade associations and over 80 National, State and International councils.

### Vision

- To be the Knowledge Architect for Indian Economy
- To support Indian Industry

### Mission

- To contribute through policies, programs, and regulations for enabling a conducive business environment in India

### Growth Pillars

- Sustainability
- Empowerment
- Entrepreneurship
- Digitalisation

## About ASSOCHAM's National Council On Water

The ASSOCHAM National Council on Water is dedicated to addressing the urgent and pressing need for the provision of clean, safe, and sustainable water solutions in India. With a focus on driving impactful policies, fostering technological innovations, and promoting water-use efficiency, the Council actively engages with stakeholders across government, industry, and academia.

## Regional Water Summit: Key Focus Areas

Building sustainable and resilient water systems tailored to South India's unique needs.

Tackling water scarcity, ensuring quality, and fostering equitable distribution in diverse socio-ecological settings.

Exploring innovative technologies for water-use efficiency, monitoring & resource optimisation.

Discussing climate-adaptive strategies to protect water resources.

Promoting policy reforms for improved water governance.

Encouraging collaboration between governments, industries, and communities.

Ensuring long-term water security to support South India's urbanization, agriculture, & industrial growth while combating climate challenges.

### Must Attend for

Centre and State Government Officials,  
Municipal Commissions & Urban Local Bodies

Automobiles, Chemicals, Engineering, Manufacturing,  
Mining, Pharmaceuticals, Textiles, Paper and Pulp Industries

Technology & Water Solution Providers

Experts in Water & Wastewater Sector

Educational/Research Institutes & NGOs

Original Equipment Manufacturers (OEMs)

### Benefits

Influencing water-related policy reforms.

Sharing best practices and innovations in water management.

Building connections among stakeholders across sectors.

Exposure to new water management technologies.

Building systems resilient to climate change.
