(Focus on the North East Region of India)

Date: April 6 2021: Time 1400 – 1600 hrs IST

Companies from Israel

Company	Category	Profile
<p>Netafim</p> <p>www.netafim.com</p>	<p>Irrigation System with ABrain</p>	<p>Netafim is one of the biggest Israeli agro-irrigation companies, offering NetBeat™ which is the first digital farming solution to enable automated irrigation, fertigation and crop protection. Combining everything into one closed-loop platform, NetBeat™ lets you easily monitor, analyze and control your irrigation from wherever you are. Strengthened with an intelligent Dynamic Crop Models™ which generated aily irrigation strategies personalized to your crops, so you can make right decisions at the right time.</p>
<p>Naandan Jain</p> <p>http://naandanjain.com/</p>	<p>Irrigation Solution</p>	<p>Naan Daan Irrigation offers a wide range of customized technologies in more than 100 countries worldwide. Its products promote productivity per unit of resources resulting in higher crop yields, risk minimization, and the preservation of nonrenewable resources</p>
<p>Manna Irrigation</p> <p>www.manna-irrigation.com</p>	<p>Satellite-based, Sensorless Precision (Smart Irrigation)</p>	<p>Manna Irrigation Intelligence is the leading precision farming company in Israel. The aim of precision farming is to optimize agricultural activities by achieving optimal input applications (fertilizer, pesticides and irrigation) in terms of location, dose and timing. Our work methods are based on Geographical Information Systems (GIS), GPS, remote sensing (aerial and satellite photography) and agricultural control systems. Manna Irrigation Intelligence is the link that bridges the gap between this elite technology and daily agricultural activity.</p>
