## CAREER OBJECTIVE

I am seeking a career that leverages my expertise in complex data analysis, econometrics, and financial modeling. With proficiency in analytical software and keen attention to detail, my objective is to conduct thorough market research and deliver data-driven insights for operational optimization and strategic decision-making. I aspire to contribute to organizations by utilizing my skills to drive informed and impactful business outcomes.

## EDUCATION

---

<b>Bachelors Of Economics Honours</b> – UPES, Dehradun (77.4%)	2020-2023
<b>XII</b> - Dyal Singh Public School, Karnal (80.4%)	2020
<b>X</b> - Dyal Singh Public School, Karnal (75%)	2018

---

### RECOMMENDATION ENGINE

- Dissertation focus: Explored the impact of economic indicators (GDP growth, trade openness, inflation, urban population, energy efficiency) on ecological footprints.
- Variables studied: Examined the relationship between the mentioned economic indicators and their effect on ecological footprints.
- Economic indicators: Investigated the influence of GDP growth, trade openness, inflation, urban population, and energy efficiency on ecological footprints.
- Statistical analysis: Utilized statistical methods to analyze the correlation between the economic indicators and their impact on ecological footprints.
- Research findings: Concluded that statistical analysis revealed insights into how the studied economic indicators contribute to ecological footprints.

## SKILLS

---

### TECHNICAL SKILLS

- E-Views
- IBM SPSS
- Gretl
- Microsoft Excel
- Microsoft PowerPoint
- Microsoft Word

## EXTRA CURRICULAR ACTIVITIES

---

- Volunteered in university cultural fest management team, overseeing art and culture team. Collaborated, planned events, managed logistics. Developed collaboration and leadership skills by guiding team members.
- At Aider NGO, I supported children's education, conducted interactive lessons, assisted with homework, organized activities, and ensured access to basic amenities. Making a positive impact on their lives was fulfilling.
- Active participation in arts and cultural events at UPES Dehradun. Contributed to planning, executing visually appealing displays, installations, and performances as part of the art and design team.
- I gained valuable insights into event management, artistic expression, and the promotion of cultural activities.
