### About Me

---

As a person who believes in creating a better world, I am deeply passionate about public policy and governance. Since, a career in public policy and social impact is suited to individuals who are people centric, empathetic and critical thinkers, I believe I am extremely well suited for this role. In the long run, I aim to make a difference via my work and contribute my bit towards nation building

### Professional Experience

Ministry of Agriculture, GOI, Delhi | Young Professional  
November 2022 – Present

Key responsibilities:

- Developing status note/trade brief on India's agricultural imports & exports w.r.t other countries for policy conclusion & FTAs/RTAs
- Identification of potential foreign markets for increasing agricultural exports
- Collection, compilation and analysis of basic data on import/export, international/domestic prices of agricultural commodities
- Monitoring imports, exports and prices of important agricultural commodities by making presentation and coordinating, as part of the high level IMC meeting
- Currently assisting in formulating new Agri export policy/strategy

Public Affairs Centre, Bangalore | Programme Officer
