

The Leadership Conclave 2022

Innovators | Influencers | Invincibles

Friday, 5th August, 2022

India is re-emerging as an inclusive and indomitable country. A nation that is a great investment destination, offers a large consumer base, and has abundant skill and talent base. India among the global investors is an extremely exciting place to be. With the increasing growth in industrialization, there is a significant amount of growth through the flow of internal and external economies that pushed the country towards self-sufficiency.

Our country is a land of transformational leaders, Change Makers who have globalised Bharat

with their innovative and impactful thoughts and deeds. Business Leaders of India despite economic disruption due to the Covid-19 pandemic, scaled newer heights in terms of innovation, business strategies and expansion. As we move towards **100 years of India's independence** and at its 75th year of Azadi, we salute the change makers!!

The purpose of this Conclave is to highlight new benchmarks being set in the business market with sustained performance, transformational leadership and risk-taking ability. This

The purpose of this Conclave is to highlight new benchmarks being set in the business market with sustained performance, transformational leadership and risk-taking ability. This Conclave shall bring forth awe-inspiring, record-breaking, and admirable business sagas of leading brands and leaders of the country. With India's favourable demography, open economic environment and culture of entrepreneurialism, the present conditions are highly conducive to entrepreneurial activity and growth.

The meet shall have some of the leading names of the industry sharing their knowledge on building a stronger India.

ASSOCHAM LEADERSHIP AWARDS
