CSR & SUSTAINABILITY AWARDS 2022

THE ASSOCIATED CHAMBERS OF COMMERCE & INDUSTRY OF INDIA (ASSOCHAM)

CSR & Sustainability Awards 2022

Corporate social responsibility (CSR) is a self-regulating business model that helps a company be socially accountable – to itself, its stakeholders, and the public. By practicing corporate social responsibility, companies can be conscious of the kind of impact they are having on all aspects of society, including economic, social, and environmental.

CSR is a way of conducting business, by which corporate entities visibly contribute to the social good. Socially responsible companies use CSR to integrate economic, environmental and social objectives with the company's operations and growth. Sustainability is awareness that each entity is surrounded by stakeholders. Building and cultivating good relations with stakeholders based on engagement and dialogue is crucial, because it not only affects the possibilities to manage risks, but also supports development and gives the organization a competitive edge.

OBJECTIVE

The objective of the Award is to acknowledge, motive and incentivize corporate members for their contribution towards social and environmental goals and look at the CSR mandate as an opportunity to move towards strategic philanthropy, rather than an onerous compliance, with support from civil society and the State Governments to make a difference to the lives of people in the State.
