

Telangana Clean Energy Summit 2026

From Policy to Projects: Accelerating Clean Energy & Green Industrialization in Telangana

📅 18 June 2026 📍 ITC Kakatiya, Hyderabad

Chief Guest:

Shri Bhatti Vikramarka Mallu,
Hon'ble Deputy Chief Minister and
Minister for Finance, Planning & Energy,
Government of Telangana

Guest of Honour:

Shri Ponnam Prabhakar,*
Hon'ble Minister for Transport
and BC Welfare,
Government of Telangana

The Telangana Clean Energy Summit 2026 is a premier platform designed to position Telangana at the forefront of India's clean energy transition. As the state rapidly advances toward a low-carbon future, this summit will bring together policymakers, industry leaders, investors, technology innovators, and global experts to unlock actionable pathways for large-scale renewable deployment and industrial decarbonisation.

With a strong foundation in progressive policy, robust infrastructure, and a thriving innovation ecosystem, Telangana is uniquely placed to emerge as a clean energy and green industrial powerhouse in Southern India.

This summit moves beyond dialogue focusing on execution, investments, and partnerships that translate policy ambition into scalable projects.

Why Telangana?

- **Progressive Policy Leadership** driving renewable adoption and industrial transformation
- **Strategic Location & Infrastructure** enabling logistics, manufacturing, and export potential
- **Strong Industrial Base** across pharmaceuticals, cement, chemicals, and manufacturing
- **Thriving Innovation Ecosystem** with leading startups and R&D institutions
- **Investor-Friendly Environment** with proactive governance and ease of doing business

Key themes for the Technical Session & Panel Discussions:

Renewable Energy Scale-Up & Grid Integration:

Telangana's solar leadership and emerging opportunities in wind and hybrid projects, Pumped storage potential and round-the-clock (RTC) renewable power & Smart grids, transmission modernization, and digital energy systems

Green Hydrogen & Future Fuels:

Telangana as a production and export hub for green hydrogen and green ammonia, Industrial use cases (fertilizers, refineries, steel, mobility) and Infrastructure needs: electrolyzers, storage, transport corridors

Industrial Decarbonisation & CCUS:

Decarbonizing key sectors: cement, pharmaceuticals, bulk chemicals, and manufacturing; Carbon Capture, Utilization, and Storage (CCUS) pilots in Telangana and Electrification of industrial processes and waste heat recovery

Energy Storage & E-Mobility Ecosystem:

Battery manufacturing, gigafactories, and supply chain opportunities, EV ecosystem development: charging infrastructure, fleet electrification. Role of storage in grid stability and renewable integration

Financing Energy Transition:

ESG investments, green bonds, and blended finance models. Role of multilateral institutions and private equity. Carbon markets and monetization opportunities for Telangana industries

Innovation, Startups & Local Manufacturing:

Telangana's startup ecosystem and clean-tech innovation hubs, Indigenous manufacturing under "Make in India" and Public-private partnerships and R&D collaboration

Where Vision Meets Implementation: Telangana's Energy Transformation

Fueling Growth the Green Way

Summit Highlights:

CEO & Ministerial Roundtable: A high-level, closed-door policy dialogue featuring the Hon'ble Minister, senior government officials, and 25–30 top CEOs and industry leaders.

Thematic Conference Sessions: Insight-rich discussions highlighting Telangana's clean energy roadmap, policy framework, and investment opportunities.

Innovation Showcase & Technology Expo: A curated exhibition of cutting-edge solutions in renewable energy, storage, hydrogen, and industrial decarbonisation.

Structured B2B Meetings: Pre-arranged business interactions to enable partnerships, joint ventures, and investment deals.

Expected Outcomes:

- Identification of **high-impact investment opportunities** across clean energy sectors
- Actionable **policy recommendations** to accelerate adoption and scale-up
- Strategic **partnerships, collaborations, and MoUs**
- A clear **roadmap for industrial decarbonisation** in Telangana
- Strengthened positioning of Telangana as a **leading clean energy investment hub in India**

**Green Energy.
Strong Economy.**

Who Should Attend?

- Government officials & policymakers
- Renewable energy developers & utilities
- Industrial leaders (cement, pharma, chemicals, manufacturing)
- Investors, private equity & financial institutions
- Technology providers & EPC companies
- Startups, innovators & research institutions
- Battery manufacturers, recyclers, smart grid solution providers
- Allied Energy Sectors and Support Services

Partnership & Promotion:

The summit provides a host of sponsorship, branding, and advertising opportunities, suited to meet your brand objectives. From thought leadership positioning, and networking opportunities to high visibility branding and advertising campaigns, our packages are designed to maximize benefits and ensure higher returns on your investments. Be at the forefront to make this conclave a grand success. The Summit will be actively promoted through leading national and regional newspapers, targeted digital campaigns, focused industry seminars, stakeholder roadshows, and newsletters ensuring maximum reach and brand recognition for all partners.
