

India **ESG** Conclave

Accelerating ESG in India's Hard-to-Abate Industries: From Purpose to Impact

21st January 2026, New Delhi

BACKGROUND

India's hard to abate sector like Mines & Metal, Cement, Chemicals & Petrochemicals, and Hydrocarbons form the backbone of our India's economic strength. They build our infrastructure, power our factories, create employment and drive national self-reliance. At the same time, these sectors are among the largest consumers of resources and energy, placing them at the centre of India's journey toward sustainability and decarbonisation.

Across the world, businesses are adopting cleaner technologies, improving transparency, and embracing responsible governance. In this new era, Environmental, Social, and Governance (ESG) principles have become the global language of growth and strategic driver of investment, innovation and long-term competitiveness.

India ESG Conclave will bring together policymakers, industry leaders, sustainability experts, and global thinkers to explore how India's core industries can accelerate their transition toward ESG excellence. The sessions will focus on how ESG integration can deliver real value from improving operational efficiency and building investor confidence to enhancing global supply-chain competitiveness while ensuring inclusive growth and environmental responsibilities.

With the theme "Accelerating ESG in India's Hard-to-Abate Industries: From Purpose to Impact", the Conclave will highlight real success stories, technological breakthroughs and policy developments that are reshaping the future of Indian core industry. It will align with key global frameworks such as the **UN Sustainable Development Goals (SDGs)**, **Paris Climate Agreement**, **India's Net Zero 2070 vision** and **COP30's emphasis on global green industrialisation**, underscoring India's growing role in the global sustainability movement."

OBJECTIVE OF THE CONCLAVE

The 4th Edition of the ESG Conclave aims to bring India's core industries together on one platform to accelerate their journey toward sustainable and responsible growth. The Conclave seeks to move beyond dialogue to action, encouraging industry leaders, policymakers, and experts to collaborate on practical strategies for embedding ESG principles into business operations, governance, and investment decisions. The objective is to foster a shared vision for responsible industrial transformation one that drives competitiveness, innovation, and inclusive growth while ensuring long-term environmental stewardship.

KEY DISCUSSION AREAS

Decarbonisation & Climate Resilience

Circular Economy & Resource Efficiency

Governance, Transparency & BRSR Implementation

Technology, Innovation & Finance for ESG Transformation

Social Impact & Responsible Growth

New ESG Regulations

AI Role in Accelerating ESG Transformation

Green Financing

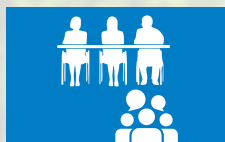

SALIENT FEATURES

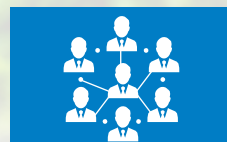

Leaders from Government, Regulatory & Industry as Speakers and Delegates

Special Address

Interactive Panel Discussion Sessions

Excellent Branding and Networking Sessions

Media Coverage

Release of Knowledge Paper

WHY ATTEND

- Hear from policy leaders and regulators shaping India's ESG landscape
- Gain insights into sectoral best practices and real-world implementation stories
- Understand how global investors and rating agencies assess ESG readiness
- Build partnerships with peers, innovators, and government representatives
- Position your organisation as a front-runner in responsible industrial transformation

WHO WILL ATTEND

Senior officials from
Ministry of Environment,
Forest & Climate Change (MoEFCC)

Senior Officials from
Ministry of Steel

Senior Officials from
Ministry of Petroleum
& Natural Gas

Senior Officials from
Regulatory Bodies

Government
Bodies

CEOs, CMDs, and
Sustainability Heads from Mines,
Minerals, Cement, Steel, Chemicals,
and Hydrocarbon Industries

Think Thanks
